MoH COVID-19 updates as of 23rd April 2020.

- 17 more people test positive for COVID-19 bringing total number of confirmed cases to 320. All are Kenyan citizens. 9 are male while 8 are female aged between 22-60 years. 15 detected from mass testing sites while 2 are from mandatory quarantine centers.
- The new cases are from 668 samples tested the last 24 hours.
- New cases by county: Mombasa 12, Nairobi 5.
- 6 patients are discharged. Total number of recoveries now stands at 89. There are two COVID-19 patients currently in ICU.
- MoH concerned about the return of mass gatherings in the form of political meetings in parts of the country. Even when the execution is of noble intentions, it violates social distancing rules. Kenyans and political leaders therefore urged to desist from undermining the laid down rules and guidelines.

- Confirmed COVID-19 cases rise to 336 after 16 more people test positive. All 16 were picked by surveillance teams.
- Contact tracing of 887 people relating to the 16 cases underway.
- The new cases are from 946 samples tested across twelve counties the last 24 hours.
- New cases by county: Nairobi 11, Mombasa 5.
  - The eleven new Nairobi cases are spread between Dandora (5), City park (2), Eastleigh (1), Parklands (2) and Pipeline (1).
  - Mombasa’s five cases are in Kiambeni (1), Cent Kumi (1), Stadium (1), Msikiti Nuru (1) and Mulaloni (1).
- So far, 16,738 samples have been tested in Kenya
- 5 patients recover from COVID-19. Total recoveries now reach 94.
- The number of fatalities arising from COVID-19 diseases has remained 14 since April 18th.
